We will strive to peruse, as we fulfill our promise to our clients to offer them the best of our abilities to provide them with the most relevant and effective services we can provide in this time of great challenge as we face the threat of the present crisis.

#### OUR STRATEGY FOR SUSTAINABILITY

We, as an organization possesses a strong conviction to pro-actively prepare for the future challenges and opportunities. But, as to the present, we are committed to meet and address the on-going needs of our clients by providing them with timely and reliable financial assistance coupled with our insurance products and services.

#### OUR RESPONSIBILITY TO THE ENVIRONMENT

Before the Pandemic, we will be an active partner of all concerned agencies in our government to nurture and protect our fragile ecosystem. We will be involved in tree planting and greening activities as well as in the conservation of our air, land and water resources. This endeavour will be our contribution and legacy to the next generation.

#### COMMUNITY WELLNESS

Community wellness and each development is an integral part of our mission and strategy to bring our programs and services to the communities where our client's lives. Every community deserves to be protected and be developed in order to be assured that every member of the family in the community is safe healthy productive and dis-empowered to contribute to the overall welfare of our society.

## GOVERNANCE AND RISK MANAGEMENT

We adhere to the principle and the practice of good governance in our institution. By each practice and application we can assure our clients that we can give them the best and most appropriate products and services especially in the time of their needs. We are committed to provide the most timely response particularly in this most trying time. Farther more we will consistently adapt transparency and accountability in all of our dealing and transactions. Rest assured that we will be transparent and accountable to all our members at all times. That's how we will manage the foreseeable and real potential risk. Honesty is not only the best policy it is also our long way to achieve our long term successes
